

SPRING 1 2024-25/1446

YEAR 6 LEARNING PLAN

Assalaamualaikum Wa Rahmatullaahi Wa Barakatuh.

I would like to inform you of the different topics we are covering in Year 6 this half term. It would be of great benefit to your child's progress if you provided help and support in these areas at home.

Ustadah Sidra

English

We will be reading the books named **The Invention of Hugo Cabret by Brian Selznick** and **The Suffragette: The Battle for Equality by David Roberts**. Our pupils will apply their growing knowledge of root words, prefixes and suffixes. Pupils will increase their familiarity with a wide range of books, including myths, legends and traditional stories, modern fiction, fiction from our literary heritage, and books from other cultures and traditions.

Maths

Unit 8: Algebra - Pupils will generalise mathematical concepts and problems, representing them algebraically as expressions, formulae and equations. Pupils begin by finding rules that govern number patterns.

Unit 9: Decimals - Pupils will draw on their understanding of number and place value to calculate with decimals. The learning from this unit will support children in calculating with measures, particularly converting between standard units, and it will support their understanding of fractions, decimals, and percentages, and how they are related.

Unit 10: Percentages - Pupils will learn a range of strategies to find percentages of amounts. They will then apply these strategies to convert between percentages, decimals, and fractions.

Qur'an, Arabic and Islamic Studies

Quran:

Revision: Surah Mulk

Tajweed: Idghaam

Islamic Studies:

Halal and Haram Consumption, Rulings of Wudu, Prophet Sulayman (AS), Salah

Arabic:

Reading Block & Grammar

Children will go through a variety of texts from the book Arabiyyatu lin Naasheen. They will be expected to understand, translate and answer comprehension questions independently. They will also learn some foundation rules in Arabic Grammar.

Homework

- Consolidation on Maths and English topics to secure learning.
- Weekly spellings from National Curriculum / Weekly Arithmetic practice.
- Homework to be given out every Friday and to be submitted/shown in school by Friday morning.
- Reading folder including reading record books to be brought back by Tuesday morning and given back on Friday.
- Quran/qaida to be brought on Monday and returned on Wednesday and Thursday.

Foundation Subjects

Science

Evolution and Inheritance

Pupils will:

- Explore variation and inheritance in different living things and how observations and fossil evidence have led to the theory of evolution.

Geography

Topic: *Where does our energy come from?*

Pupils will learn to:

- Describe the significance of energy.
- Give examples of sources of energy and their trading routes.
- Describe the significance of the Prime Meridian.
- Discuss how transport links have changed over time.

Art

Topic: *Art Illusions*

Pupils will learn to:

- look at how artists have used lines and shapes to create optical illusions, breaking down this mind-bending form of visual art into its basic principles.

PSHE/RHE

Living as a Muslim in Britain / Health & Well-Being

Pupils will learn:

- *how to live as a Muslim in Diverse Britain*
- *focus on maintaining and taking care of their mental health and well-being.*

Physical Education (PE)

Topic: *Boxing*

Pupils will learn:

- Skipping
- Stance and footwork
- Moving forward and backwards
- Lateral movement
- Pivoting
- Basic punches and combination
- Pad work
